## Sliding Fee Policy

### Sliding Fee Policy

It is the policy of the Glendale Area Medical Association, Inc. to provide essential medical services regardless of the patient’s ability to pay. Discounts are offered based upon the patient’s household income and family size. A sliding fee schedule is used to calculate the basic discount and is updated each year using the federal poverty guidelines. Once approved, the discount will be honored for twelve months, after which the patient must reapply and re-verify household income.

### Application Process

A completed application including required documentation of the home address, proof of household income, and insurance coverage must be on file and approved by the business office before a discount will be granted. Adolescent patients seeking confidential care are exempt from the application process, and services are provided at the nominal rate.

A patient will be granted 1 sliding fee visit based on a self-declaration of income, but will not qualify for sliding fee until proof of income has been provided to the front desk.

### Sliding Fee Discounts & Prices

Procedure	100 % Range	75 % Range	50 % Range	25 % Range	0 % Range
