Broken/Cancelled Appointment Policy

We have a busy practice, with appointment schedules often filled months in advance. The time we set aside for your appointment is important to you and to our staff. In addition to providing appointment cards with your appointment date and time, we also attempt to remind you by telephone or by postcard of an upcoming appointment.

If you cannot keep your appointment, we ask you provide us with at least 24 hour advanced notice for a single patient appointment and at least a 48 hour notice for a same day multiple family appointment. Broken appointments are appointments that a patient fails to keep or cancel in less than 24/48 hours in advance. Unless there are unusual circumstances, patients with two broken appointments within one year will lose scheduling privileges.

Patients who have lost their scheduling privileges may still be seen for emergency care or open access appointments.

Emergency appointments are available. Our office personnel are instructed not to provide promises to patients above any specific treatment during an emergency appointment. Without knowing the nature of the emergency, the type of treatment and time required, as well as the amount of time available in the schedule to provide treatment, it is unreasonable to make such promises.

Open Access Policy

Patients who have a recent exam and treatment plan may call for same day appointment for treatment if there is time available in our schedule. The amount of time available is unpredictable and varies from day to day. This means patients limited to open access scheduling may have to make multiple calls to obtain appointments. Patients who demonstrate reliability keeping open access appointments may be readmitted to making appointments in the regular schedule on an individual basis as determined by the Dental Director.
